A nationwide network of volunteer-led  
after school coding clubs for children aged 9-11

## Our mission

Give every child in the UK the chance to learn to code. It is our aim to have Code Club in 25% of primary schools in the UK by the end of 2015.

## How it works

Volunteers run Code Club after-school at their local primary school or community centre. Children attend Code Club once a week to learn the basics of coding. Find out more about [how to get started](#).

# Get planning

Before you start  
anything, learn  
how to finish it.
