

Dia mundial da preservação digital

5 novembro 2026

The Digital Preservation Coalition ([DPC](#)) began celebrating World Digital Preservation Day ([WDPD](#)) in 2017. The [Dríade](#) Research Group on Studies and Practices of Digital Preservation and the Brazilian Network of [Cariniana](#) Preservation Services at [IBICT](#) have participated in this celebration ever since.

First launched as International Digital Preservation Day in 2017, the day aims to raise awareness about digital preservation and the ongoing work to ensure that collections remain accessible over time. This year's theme is "Save Our Stories (SOS): Our Digital Heritage in Danger"

Access videos from this year's celebration on [Cariniana's YouTube channel](#)

Access the live Closing at 4:30 pm (Brazil time)
