

### Google Workspace vs. Digital Preservation

Does it have to be this hard? Preserving content from Microsoft 365 and Google Workspace

**Bryony Hooper** 

14/11/2023

#### **Overview**

- Context setting
- Challenge 1: Preserving Google
- Challenge 2: Speed of change
- Challenge 3: Google Data Cap
- Opportunities

### Context

#### **Context: The University of Sheffield**

#### **University Vision:**

"We will deliver life-enhancing research, innovation and education that not only transforms the lives of our graduates, but shapes the world we live in. We believe the best way to achieve this is by fostering an ambitious, inclusive, collaborative community"

#### **Context: Google Workspace**

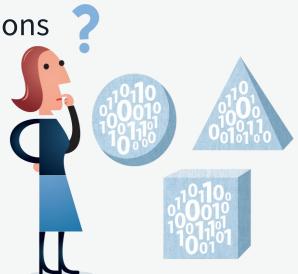

# Challenge 1: Preserving Google

#### **Challenge 1: Preserving Google (data)**

#### Google Workspace is a web application

- Data exists only with the cloud applications
  - No "file format"
  - No checksums
- Migration
- Metadata
- Authenticity
- Ownership of files/folders

# Challenge 2: Speed of change

#### **Challenge 2**

#### Google Jamboard in an down

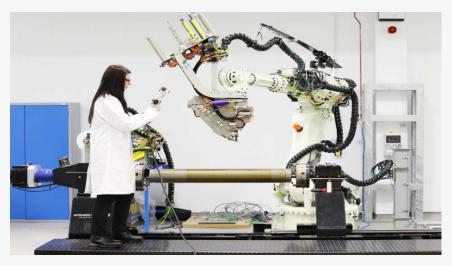

Google Jamboard will no longer be a pable of De pher 31, 2024 across Web, iOS, Android, and Google Meet devices. Value of our whiteboard partners, like the park, and Miro, until that date.

# **Challenge 3: Google Data Cap**

## Opportunities!

#### **Opportunity 1: To collaborate**

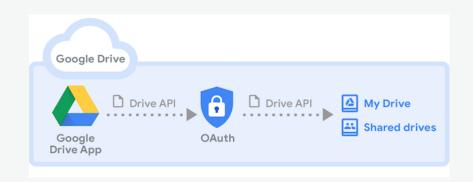

#### **Digital Preservation Strategy (Delivery Plan 2023-2027):**

 Collaborate with key stakeholders and engage with expertise held within the University to support digital preservation activities

#### **Opportunity 2: Test migration options**

dp-research-googletransferPOC

#### **Opportunity 3: To Learn**
