What is a Policy?

“A course or principle of action adopted or proposed by an organisation or individual” (OED)

- Written representation of the aims and objectives
- Sets the environment for all other activities
 - Framework for Business Plan/Strategy
- Influenced by many things: environmental, political, technical, financial and legal issues
- Should be flexible and subject to regular review
- Difficult to make policy in new & developing areas

What is a Digital Preservation Policy?

A digital preservation policy is the mandate for an archive to support the preservation of digital records through a structured and managed digital preservation strategy

The National Archives

A digital preservation policy facilitates the effective management of the digital records ensuring the organisation is able to carry out its mandated functions

InterPARES Project

Digital Preservation Policy

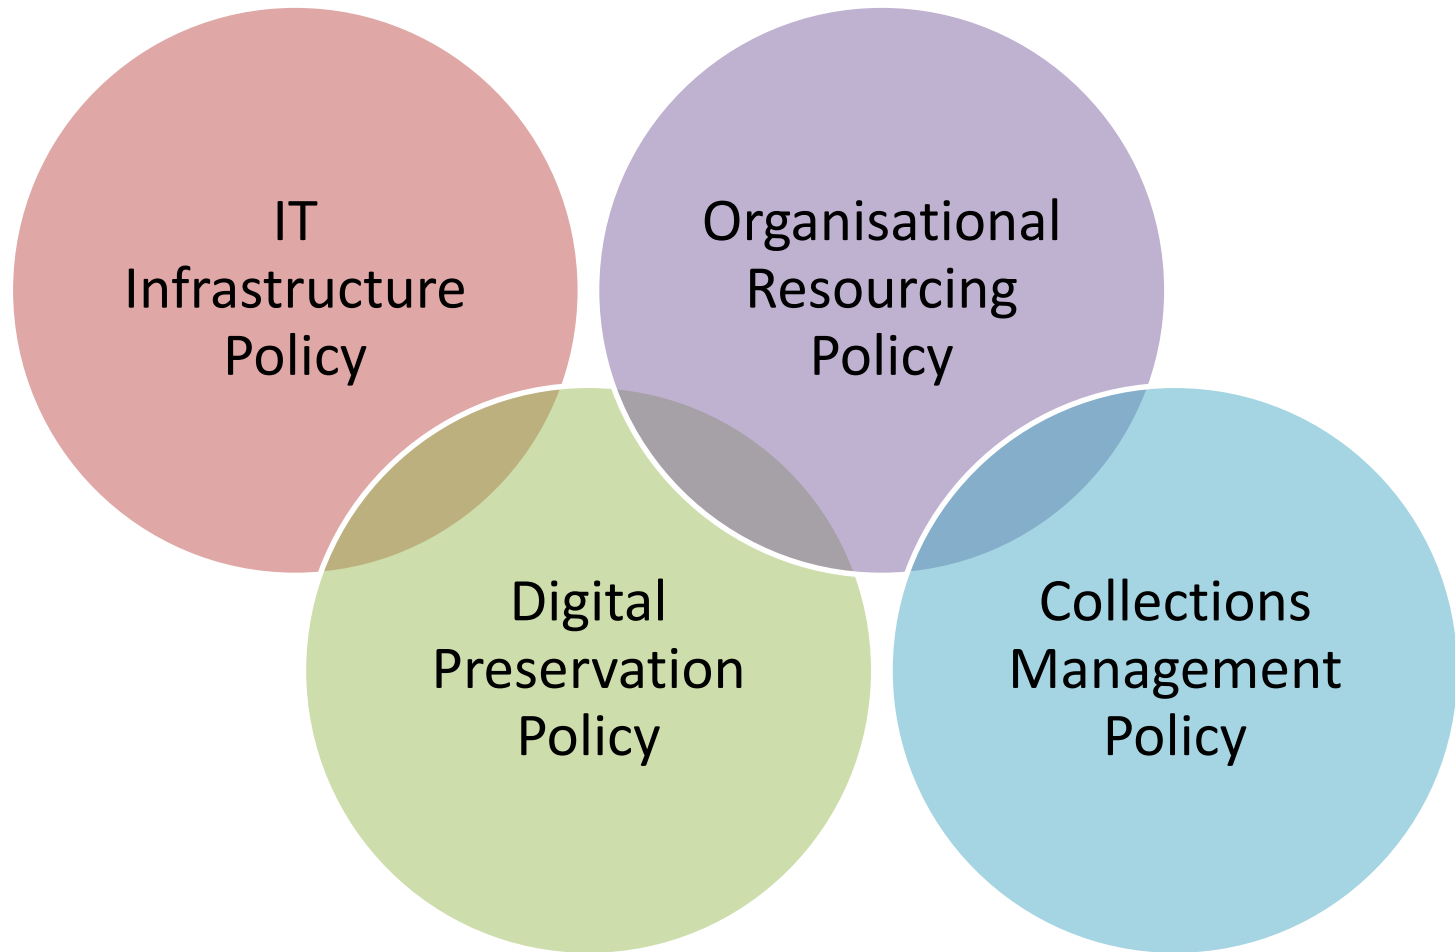

The organisation's aims and objectives about the long term care of digital objects

- Preservation strategies and acceptable actions
- Decisions about the digital objects (formats, metadata)
- Who the material is being preserved for
- Resourcing
- Responsibilities
- Standards

Exercise

- Handout with elements from 4 key resources
- Consider how they might apply to your organisation
 - Select one? Mix and match?
- Start to arrange into the order they might appear in a policy
- If you have time, note down a few points you would include in your policy
